Year 4 Multiplication Tables Check

Dear Parents/Carers,

Thank you for your continued support of the children's learning throughout this school year. All of our Year 4 children have been working hard learning their times tables and using their new skills and knowledge to support them in their maths lessons.

In the summer term, your child will sit their Multiplication Tables Check. The Multiplication Tables Check is a statutory requirement for all children in year 4. It is an assessment of your child's ability to recall times tables facts (within 12×12) fluently. This is a key skill that is important for their future progression in mathematics.

Your child will sit an on-screen test where they are asked 25 times table questions and are given 6 seconds to answer each question. Your child will sit the test in a two-week window between Monday 1st June and Friday 12th June.

Please support your child by continuing to practise their times tables with them so that they are prepared and feeling confident for their test in June this year.

Your child's result will be shared with you via letter in July; there is no pass mark for the multiplication tables check. The purpose of the check is to help to identify any children who may need additional support with their times tables.

If you have any questions about the test, please speak to your child's class teacher in the first instance.

Kind regards,

David Hodges
Head of School
